

- Manufacture NaSH as by-product from CS₂ plant by utilizing excess H₂S gas which was previously sent for thermal destruction in TGTU
- Mn(OH)₂ recovered from ML
- Recycle of drums for packaging

6. Are the Emissions/Waste generated by the company within the permissible limits given by CPCB/SPCB for the financial year being reported?

UPL always monitors its waste generation limits, this helps the Company to ensure that generated waste is within the limits provided by Central Pollution Control Board (CPCB)/ State Pollution Control Board (SPCB).

7. Number of show cause/ legal notices received from CPCB/ SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

Nil

Principle 7: Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

1. Is your company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

Yes, the Company is member of various trade associations and chambers which helps UPL to identify and understand the common concerns of the business and its impacts on the communities. UPL is currently a part of the following associations:

- Vapi Industrial Association
- Indian Merchant Chambers
- Crop Care Federation of India
- Asmechem
- Centigro Environment of Agriculture
- CII

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No; if yes specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy security, Water, Food Security, Sustainable Business Principles, Others)

Yes, the Company lobbies with industry association and also with Government bodies to resolve the issues related to chemical and pesticide industry. UPL gets actively involved at industry forums and with Ministry through meetings and dialogues providing valuable suggestions favoring business and public good.

Company has lobbied or advocated through public associations

on the below topics:

- Problems of Chemical Industries in Gujarat and India
- Customs and Excise laws effecting faster industrial development
- Environment and pollution matters
- Agriculture and Agro Chemical inputs
- Fight against foreign funded NGO's
- Promoting and educating public about advantage of scientific agriculture and use of agro chemicals
- Other matters connected with government policy "Make in India"
- Removal of hurdles and exports

Principle 8: Businesses should support inclusive growth and equitable development

1. Does the company have specified programmes/initiatives/ projects in pursuit of the policy related to Principle 8? If yes details thereof.

'Doing Things Better' is core to our DNA. Three simple words, which lie at the heart of the UPL philosophy have been the guiding force in all our community interventions. Our CSR programs are driven by the belief that humankind is one community, where each member is responsible for the wellbeing of the other, hence our interventions are not restricted to the development of our neighboring communities only. We work on programs that cater to the wider national interest, our CSR efforts are focused in Gujarat and they have also touched lives in many other states including Maharashtra, West Bengal, Kashmir, Tamil Nadu and Himachal Pradesh.

Our studies and commitment to the community have translated into 6 key focus areas, they are:

- Agriculture Development
- Employability & Entrepreneurship
- Education & Empowerment
- Environment & Nature Conservation
- Health & Sanitation
- National & Local Area needs
